ELEVENTH ANNUAL REPORT
OF THE
TRUSTEES, TREASURER AND LIBRARIAN
OF THE
Greeley Public Library,

For the Year Ending February 15, 1904.

BOARD OF TRUSTEES,

FRANCES M. CUMMINGS, Term Expires March, 1904.

HENRY O. SMITH, Term Expires March, 1905.

KIMBALL WEBSTER, Term Expires March, 1906.

KIMBALL WEBSTER, President.

HENRY O. SMITH, Secretary and Treasurer.

INA V. MARTIN, Librarian.

REPORT OF THE TRUSTEES OF GREELEY PUBLIC LIBRARY.

Since our last annual report—owing to a most appalling accident to the family of our late librarian, Miss Maude S. Andrews, which caused the almost instant death of a dear father and the very severe injury of her mother—after a most faithful, efficient and satisfactory official service for six years and seven months, was obliged to resign the office in September last, and we appointed Miss Ina V. Martin to fill the vacancy.

Miss Martin has performed the duties of the office for the unexpired term with courtesy and efficiency, acceptably to the trustees, and as we believe, to the patrons of the library. She will continue as librarian.

During the last year the trustees have added 91 new books, making the total number of volumes now in the library 3,055.

These new books are classified as follows:

Biography,	6
Drama and poetry	1
Fiction,	18
Juvenile fiction,	26
History,	8
Miscellaneous,	4
Periodicals,	7
Reference,	7
Science,	13
Voyages, travels and researches,	1

A supplementary catalog of these books follows this report.

The monthly average of books loaned for the last year as shown by the report of the librarian has been 286.1 and a total number for the year of 3,433. This is an increase over the previous year of 762 books loaned, or about 28½ per cent.

The annual record of cards issued and books loaned since the library was established, or for nine years and eight months is as follows:

			Cards.	Books.
To Feb.	15, 1895.	8 months.	153	1,452
"	"	" 1896.	66	2,512
"	"	" 1897.	50	2,347
"	"	" 1898.	42	2,190
"	"	" 1899.	33	2,093
"	"	" 1900.	30	1,942
"	"	" 1901.	32	1,674
"	"	" 1902.	37	1,767
"	"	" 1903.	51	2,671
"	"	" 1904.	59	3,433
Total number			553	22,081

This shows that our citizens are availing themselves of the advantages afforded by a free public library to a greater degree than ever before.

Citizens and others feeling an interest for the success and usefulness of the library have very generously donated the following periodicals and publications, which have been greatly appreciated by the patrons of the library, and for which the trustees return their sincere thanks. They are read extensively, and add much interest to the library.

Following is a list of such periodicals with the donors names.

National Magazine and Success, Miss Mittie H. Baker.

Strand, Smart Set, and Brown Book of Boston, Mrs. G. G. Andrews.

Saturday Evening Post, Medical Times and Literary Digest, Dr. Alfred K. Hills.

Century Magazine, Miss Mary E. Pollard.

The People's Home Journal, Mrs. Wm. H. Burt.

Physical Culture, Mrs. Minnie J. Hall.

Miscellaneous books and other publications were given by Mrs. George Bickford, Herman F. Dane of Nashua, Mrs. Jesse R. Wilkins of Milford, Miss Grace Rounsaville and others.

Supplementary catalogs of new books may be obtained from the librarian.

Our librarian has a scrap book, intended especially to contain clippings of interest relating to local affairs of our town and its citizens.

It has been nearly two years since it was commenced, but its growth has not been very rapid.

By a judicious selection and preservation of items of interest relating to current events, this may be made to be very valuable for future reference.

If citizens would furnish the librarian with such items instead of committing them to the flames, it would aid greatly in the progress of the work.

FRANCES M. CUMMINGS,
HENRY O. SMITH,
KIMBALL WEBSTER,

Trustees.

SCHOOL REPORT.

During the past year, schools have been maintained in No. 1 and No. 9, in addition to those in the Webster and Smith buildings, as the number of pupils in those neighborhoods warranted such action. Nearly all the children in No. 9 being quite young, it was deemed advisable to close that school at the onset of the severe winter weather. All the other schools were still in session at the time of writing this report, the intention being to have a school year of thirty-three weeks, the longest, we believe, in the history of the town. The advisability of still further lengthening the school year in the future is a question well worthy the careful consideration of all our citizens.

The town of Hampstead having withdrawn from the supervisory district, a new district was formed by the towns of Epping, Salem, and Hudson. Under the new arrangement, Hudson is entitled to one fourth of the superintendent's time. Mr. Edgar E. Hulse was re-elected superintendent by the school boards of these town, and his report, to which your attention is invited, is herewith presented.

HENRY O. SMITH,
J. H. LEGALLEE,
C. E. WALCH,

School Board of Hudson.

In this report I shall try to tell you briefly of the work being done in your schools, some of the conditions existing and suggest ways and means for their improvement in the future.

The year has been uneventful as to radical changes or the trying of new schemes or fads, but there has been a steady pressure toward thorough and systematic work along all lines of our school work. Each school seems to be receiving good instruction in all branches from teachers, who, I believe, are giving their best efforts to the work and are striving to get good results through the best methods.

Considerable attention has been given during the year to the encouragement of good morals and manners and we are pleased to note a great improvement in this direction. The school that does not seek to train the ethical and religious nature of the child as well as the intellectual is not ideal and fails to improve its greatest opportunity.

We should seek to build character in the lives of our young people.

Your No. 1 school has been doing very good work in all lines, but especially so in the way of individual work and direction. Each child is carefully studied and its needs supplied as far as possible, regardless of set grades. Much general information is being imparted and attention given to the ethical side of their lives. These children are having rare opportunities and I believe they are improving them. The Smith school and Webster school are close rivals in point of attainment and ambition. The grades in each are well established, and the course of study is being followed as closely as time and condition will permit.

Each school has secured a piano for its grammar room by the aid of its teacher and friends. One piano is entirely paid for, and it is earnestly hoped that the money will be forth coming for the other. These are commendable efforts and will add much to the interest and pleasure of the schools.

The Smith school is represented by six grades, three for each room. The Webster school has nine grades and three rooms in use, but is not so fortunate in its distribution of grades. Because of the large number of small children in this school two grades only can be accommodated in the primary room. Even with two grades only, there are over 50 children registered.

This is a large number for one teacher to care for, with our modern demands, and especially when she must divide her time between two grades. Small children need a great deal of personal and individual attention. They cannot be set to work and left like older children, hence the need of time for the teacher to give each child as much individual attention as possible.

The intermediate room is accommodating three grades with nearly forty children and cannot do more.

This forces the other four grades into the grammar room, which is extremely unfortunate for the best interests of those upper grades.

No teacher can do justice to her pupils or a school system under such conditions. We are heroically struggling to give your children a training and fit for the high school that will compare favorably with the work in Nashua schools, and while we feel that good work is being done, we are handicapped by lack of time to give the four grades the necessary drill to thoroughly do the work required.

A school with four grades to claim an equal share of the teacher's time should not be expected to do, and cannot do the work that can be done in a school of one grade to a teacher.

It would be a great advantage to your children and strengthen the entire work of this school if the unoccupied room in the Webster school building could be fitted up and opened for service next year.

The additional expense in maintaining another school after the room is fitted up would be small compared to the benefits to be derived.

I hope you will give this matter serious consideration at your annual meeting.

I wish to remind you again of the shortness of your school year.

We are glad to report progress in this direction also. Thirty-six weeks is a good school year and we confidently believe your children need that amount of time each year for their education.

On the whole, your text books are in good condition. A few changes would materially increase the interest and quality of the work in my opinion.

I would recommend the addition of Montgomery's Beginner's history to the history department and a revision of the language and grammar text books.

A new series of arithmetic on the spiral plan has been introduced during the year, also a valuable addition to the supplementary reading and reference matter has been made for the primary and intermediate grades. These new books by recent and noted authors have done much to give interest, and broaden the work in the schools.

We were severely shocked at the beginning of the school year by the sudden death of our beloved music teacher, Miss Isabelle Farley.

Miss Farley had taught vocal music in the schools for two years with eminent success. She had entered upon the new year when she was stricken down, seemingly in the very beginning of her usefulness.

The instruction in music was suspended for a few weeks. Then Miss Mattie A. Smith was elected to fill the vacancy. Miss Smith is a thorough musician and has put time and energy into the work, which is progressing finely.

This department is well established in the schools and should have a permanent place in the school course. Your attention is called to Miss Smith's report, which follows.

I desire again to express my grateful appreciation to all who have in any way co-operated with me in the management of the Hudson schools during the year just closing.

Respectfully submitted,

EDGAR E. HULSE,

Superintendent.

MUSIC TEACHER'S REPORT.

"Let me make the songs of a nation, and I care not who makes its laws."

The musical year in our schools was sadly interrupted by the sickness and death of the late music teacher, Miss Isabelle M. Farley.

Miss Farley taught the spring term with her usual success, and entered upon her fall duties with zeal and enthusiasm. After giving but one lesson, she became ill with typhoid fever and on the eleventh day of October she was called away to sing the songs of the redeemed in the brighter home beyond. Truly it can be said of Miss Farley "her works do follow her."

After several weeks, the musical work was resumed, and the seed so faithfully sown during the past has sprung up and borne rich fruit. No one who hears our children sing today can but realize the faithful work that has been done.

The winter term was taught without interruption, and the children worked with a will.

It is very pleasant to see the little faces light up, when the music teacher enters the room, and when the question is asked, "Children, are you glad this is the day for music" every hand is raised and their bright eyes tell the story. It is earnestly hoped that the parents will visit the schools on the days that music is taught. Many of the children sing their little songs in their homes, but parents and friends need to visit the schools to fully realize the thorough methods that are being taught in regard to the fundamental principals of music.

Our little ones are learning to read music as easily and as readily as they read their primer. How many young men and women there are in our town today, who enjoy music, who have good voices, but are not practical singers, simply because they cannot read music.

During the spring term, Miss Farley with the aid of teachers and pupils, gave a successful musical and literary entertainment. The proceeds went to purchase a piano for the Webster school.

During the winter term, music dealer Wheeler kindly put a piano into the Smith school. It is hoped that an effort will be made to purchase the piano, so that it may remain in the school building.

Respectfully submitted,
MATTIE R. SMITH,
Director of Music.
